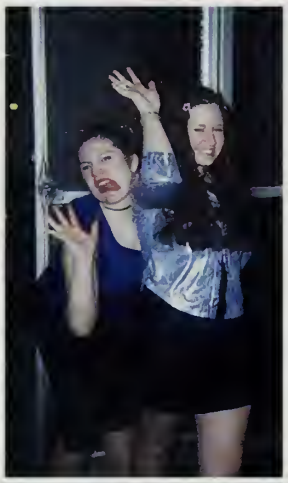
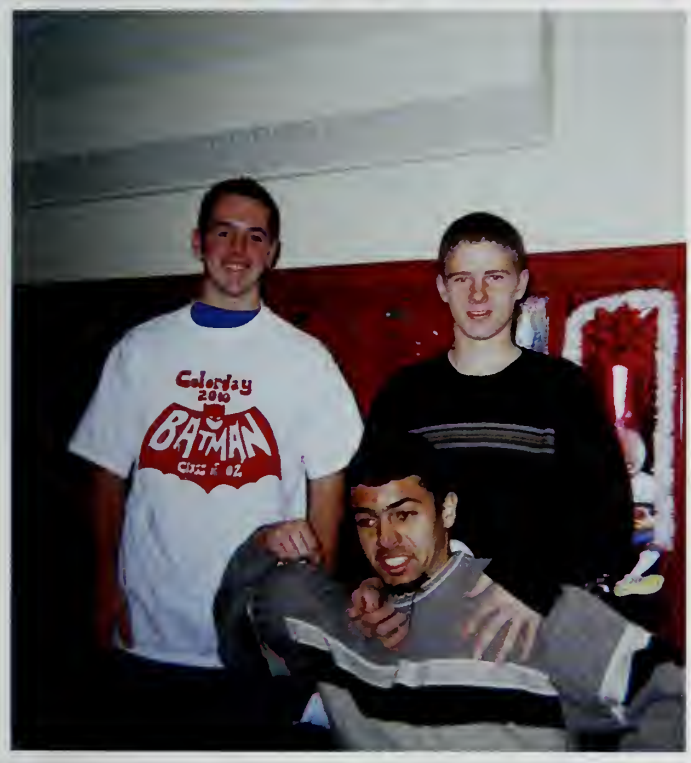
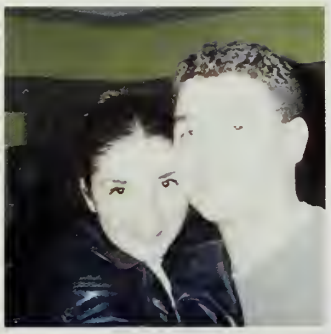
Outweighed the bad.



I thought we'd get to see forever



But forever's gone away



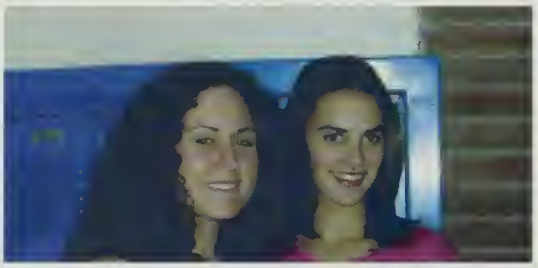
It's so hard to say goodbye to yesterday

I don't know where this road

Is going to lead.

All I know is where we've been

And what we've been through

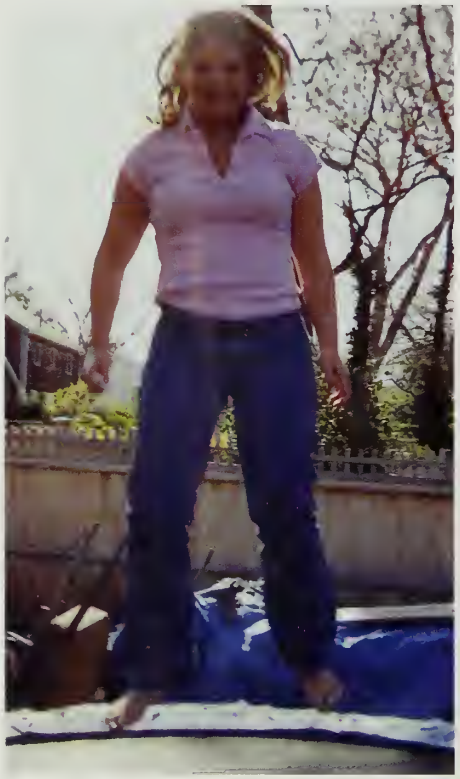


If we get to see tomorrow

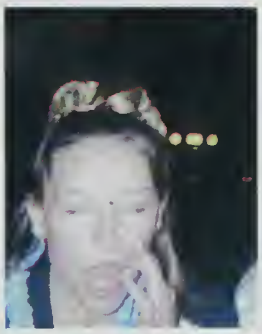
I hope it's worth the wait

It's so hard to say goodbye to yesterday

And I'll take with me the memories



To be my sunshine after the rain



It's so hard to say goodbye to yesterday

My name is Luis and I was born in Monte Carmelo, Brazil. I lived there with my family until July, 2000. I lived in a large city and had a typical life, going to school and enjoying my family. My mother, little brother, and I moved to the US. They came before me and I arrived alone. I got lost at the airport and had a very hard time finding my way around. I started school in September last year and finished my junior year. Now I am getting ready to graduate this year and hope to start college next fall to study pre-med.

I will never forget all of the fun times I've had over the years. I'll miss the farm, the spot, Prankers, Kasahuski, & every house that has sheltered me. During school parties @ Jud's Leaping @ the Taug. Shotgun canoe ride, Nature boy in Maine, Survivor @ Breakheart, Last man standing on New Years, Bootlegging, Robbing the porch for silver bullets, Drop off bandits, Owning other people's homes, Pre-gaming and in between gaming, Tapping the Rockies, Doing the dew and everything else of that nature. And all the fun antics @ school, always losing fights to Bernard. Lastly, to my family I love you and to my Dad thanks for the many years of completely useless information. Chinese menu!

Excited as I may be to explore new directions, I'll never forget the many relationships fostered by being close together at SHS. While the laws of equilibrium may slip from memory, I'll always remember CompTech with the guys, make-up tests in Joyce's "office," afterschool with the chorus chickies, VISTAS struggles, IMPROV rehearsals, Capt. Planet Volleyball (water!), long drives after drama, staying up after prom, living out of C09, and the support of the P5. Thank you to everyone I've ever been close to for bringing me to this point; I'd never want to change the past for anything. Good Luck!

I can remember in 9th grade, my teacher Mrs. Bradbury saying that your years of high school fly. She was right, they do. I enjoyed all of the sports I played like the three years with the hockey team. Running track and cross country. Overall I'm happy that high school is over. That all of my years of school are over. I want to thank all of my teachers for teaching me the lessons that I will use in life. Also to all of the coaches. To Chris Conners, the man that makes hockey worth playing. Also to my track coaches Mr. Merrill and Mr. Nelson. I also need to thank Mr. Bliss and Mr. Lavoie for two of the best classes I took in high school. My biggest thanks go out to my family. To John my brother, enjoy your senior year.
